Pete:
Is this information sufficient for your needs? I wanted to try and get it into a different format for you, but I won't have a chance to work on it today and I'm out next week.

If you need for us to prepare the updated timeline or get Roger's update into a highlight format, please let me know today. I can ask Loreen to handle it next week.

Thanks,
Valerie

Dear Pete,

Please find in the attached ppt-file

- as slide 1 the requested milestone completion summary for the 'Best Practices Framework' project;
- as slide 2 the proposed additional milestones for the project. As you see from the email to Urs and Denise they might want to provide input whether these milestones are the best way to address the Senior Team's needs.

I hope this helps you to update your reports.

Regards,
Roger

Subject: Next steps Best Practices Framework

Dear Urs,

Yesterday, Apr. 10, 2002, the project team met by videoconference for a

- Summary of 'Initial Recommendation" presentation to the Senior Team (March 13, 2002, NY) [15 min; Walk]
- Summary of outcome of presentation to Senior Team [45 min; Desel, Jupe, Garguilo, Osborne, Walk]
- Schedule, resources, and accountabilities for next project phase [30 min, Walk, all]

As a result of our discussions (see attached slides) we have

- Summarized the 1st completed project milestone ("Presentation to Senior Team - Initial Recommendation") [for Pete Greenbergs project tracking];
- Proposed additional project milestones [also for Pete's tracking];
- Defined 4 primary and 7 secondary actions and agreed on accountabilities to address them.

BPSchedule&actions...

We would appreciate your input on whether the 'Proposed additional milestones' (slide 2) reflect your and the Senior Team's expectations of the progress of the project and of the way the Senior Team wants to be kept in the loop.

As the next step the action leaders will estimate the resources required for their action points and we will then get back to you, Denise and Dave to discuss those resource requirements. We will be ready for this discussion by Apr. 22.

Please let me know, if you have any suggestions/comments/questions.

Regards,
Roger Walk
